

Important Changes to the Local Bus Service Network in Essex from 10th April 2016

From the 10th April 2016 there will be important changes to many of the routes, timetables and service numbers of bus services in Essex.

Passengers, particularly those using the bus to go to school or work, are strongly recommended to check for the revisions using the National Traveline Service, available at: www.travelinesoutheast.org.uk shortly before undertaking their journey, so that they are aware of any changes that have been made.

The majority of dedicated school contract services, which are not open for use by the general public will not be affected.
